Spring****Hat is Here**

This year the particular man, like you, is going to wear either a Schobie or a Stetson.

Velours

Those soft, comfortable Velour Hats that were so popular last fall will be "just right" again for spring. But the colorings—soft greys, browns and mixtures—will be much more attractive.

Derbies

No extreme styles in Derbies this spring—mostly conservative shapes that will be generally becoming.

Bantamweights Performing Faithfully, Each Wishing to Get Into Perfect Physical Shape for Thursday's Battle

With the fans sitting in judgment and criticizing each and every movement, Bennie Chavez and Basilio Chico, bantamweights, Chavez from the mountains and Chico from the sea, are finding faith and doing remarkable and perfect physical condition for their meeting in the Elks theater next Thursday night, when they will battle ten rounds to a decision.

Chavez worked out before a crowded house at the Levy gymnasium last evening and showed his old time form doing good work for a first try out. Chavez boxed a few rounds with Charlie Salas, his sparring partner, and gave the fans a good run. Salas, no less than any other, has been working hard and is in excellent condition. Chico worked out again this afternoon. Chico will work out tonight and tomorrow afternoon.

BOYS WIN, GIRLS LOSE TO AGGIES AT MESILLA

Albuquerque High School and State Agricultural College Teams Divide Honors in Double Header.

Mesilla Park, N. M., Feb. 15.—In a whirlwind game that was fast and complete with brilliant passes and remarkable shooting throughout, the Albuquerque boys basketball team last evening won from the State Agricultural College five by the score of twenty-five to nineteen. The Albuquerque boys sprung a surprise on the Aggies, who had been expected to win, and did so on the fourth round, the final whistle to investigate how and why it happened. The Farmers outwitted the A. H. R. lads on an average of 25 pounds, but individual quickness and clever team work, coupled with accurate throwing from any point of the court, won for the农夫. Shafford, coach for the Aggies, was present for the game.

The Albuquerque girls lost by the score of fifteen to nine. While this game was not as fast nor exciting as the boys' game, it was interesting and was the occasion for considerable cheering.

The Albuquerque crowd was immensely pleased with the division of the honors. By beating the农夫, they had enough high school credit accomplished when the El Paso high school failed to do. The Albuquerque bunch left at 9 o'clock this morning for El Paso, where a double header will be played against the El Paso high school tonight. The Albuquerque boys are confident of winning from the农夫, as the农夫, having been administered to El Paso in Albuquerque two weeks ago, are also hopeful of winning and evening up the score against the El Paso girls.

As every day in the league now permits Sunday ball, the difficulty of the past has been removed. While the division of three was secret among other club owners, discussed among the officers of the农夫, it was agreed that the农夫 would be declared to be good.

The农夫 committee in secret session reviewed the different pro-

New York.—Co-operation in maintaining discipline among major league players and others in the baseball players' fraternity organization, which has large membership among the men of the National and American leagues. This was made known through a letter sent by David L. Fuqua, president of the fraternity, to each of the sixteen major league managers. The letter says that the purpose of the fraternity is to instill into the players a higher conception of their profession and a more serious regard for their contracts and it will tend to induce the members to keep themselves in the best physical condition possible and at all times to give their employers the best service of which they are capable.

"We, therefore, wish to begin our co-operation and request in case that there should be any serious breaches of discipline among our members on your team that you forward the information in as detailed form as possible, so that we can approach the player from no angle unavailable to any other influence and that we can cooperate with you on mutual benefit."
